

Pamlico Sail & Power Squadron

Shakedown Cruise April 23 through April 25 to River Forest Manor & Marina

The Marina has more than 375 feet of dockage, 13 foot deep-water slips, 9 foot channel and approach depth, stationary docks, 30/50 amp shore power, dockside water and ValvTect Marine Diesel fuel and ValvTect Marine Gasoline; Octane: 87.

<http://www.riverforestmarina.com>

It is important that you don't delay, April is the high traffic migration north for the snowbird boats on the ICW. The marina has slips as of the posting of this message, but if you plan to go, please contact the dockmaster at River Forest @ 252-943-1937 as soon as you can.

As of the posting of this flyer, the Tavern at Jack's Neck is not yet open. We hope that by early April it will be open for business. A status update will be emailed in early April.

Please email boatingactivities@pspsnc.com if you've made your reservations so that we can expect you and offer any further updates directly to you.
