Beaufort Docks Marina September 3, 4, 5 & 6

Beaufort Docks Marina is located on the Boardwalk in historic downtown Beaufort within easy walking distance to over 25 restaurants and many, many more shops.

The marina is an all-transient facility with floating docks. Pump out is available and in-slip fuel at all floating slips. Their amenities include basics, WiFi and courtesy cars. Water depth: Approach and dockside is 12 feet. Check on current Wind & Tide at: <https://marinas.com/view/marina/pwcg6l> Beaufort Docks Beaufort NC

To make your slip reservations, contact Mike Karlovich with your boat name, length, beam, draft and power requirements by email to michael_karlovich@hotmail.com and he will contact the dock master.

Navigation - The preferred entrance to Beaufort is through Bulkhead Channel at the southern tip of Radio Island. At Ships Channel marker "22," pick up green marker "1BH" and red marker "2." Leave "1BH" to port as it marks the end of a rock jetty and "2" to starboard and proceed up Bulkhead Channel to Taylor Creek and the Beaufort Docks.

The alternate channel, if you are coming from the north, is to enter Russell's Slough at ICW "29" leaving it to port and pick up bifurcation mark "RS" leaving it to starboard and G "3" to port. At the south end of Russell's Slough, enter Gallants Channel leaving green marker "7" to port and red over green marker "RG" to starboard. Follow Gallants Channel south, passing under the 65' bridge to Taylor Creek, the Beaufort waterfront, and Beaufort Docks.

Car Riders...this is such a great destination to enjoy all that historical Beaufort has to offer along with joining our boating friends for the day or a couple days. It's only 1¾ hours from Washington/Chocowinity! There are numerous hotels and B & Bs to choose from in Beaufort for a great get-away.

Contact Mike Karlovich at michael_karlovich@hotmail.com with any questions and let him know if you know plan to attend by boat or car. Destination plans to date: Friday night will simply be a pizza run. Saturday night a group dinner will be planned at a restaurant (TBD) once Mike gets all your RSVP's.
