

The Bonehenge Whale Center Visit

Date: Friday, September 22, 2023

Tour Times: 10:30 or 11:30
(Note: maximum number per tour group is 10)

Location: Bonehenge Whale Center
275 W. Beaufort Road Ext
Beaufort, NC 28516

Keith Rittmaster's presentation at our August 17th General Membership Dinner Meeting was very interesting and informative. He introduced us to the many cetaceans (whales, dolphins, and porpoises) that have been documented in the waters off the North Carolina coast and his team's conservation efforts along our coast. Liz has secured dates for a visit to the Bonehenge Whale Center based on the many requests from members attending the presentation.

If you missed the meeting, you don't want to miss this opportunity!
